Appropriations, 1999	\$60,511,000
Budget estimate, 2000	79,897,000
Committee recommendation	66,261,000

SENATORS' OFFICIAL PERSONNEL AND OFFICE EXPENSE ACCOUNT

Appropriations, 1999	\$239,156,000
Budget estimate, 2000	257,703,000
Committee recommendation	245,703,000

The Committee recommends an appropriation for fiscal year 2000 of \$245,703,000.

This account funds salaries and benefits of Senators' staffs as well as the office expense allowance for Senators' offices. These funds were formerly carried under several accounts including: "Administrative, clerical and legislative assistance to Senators;" "Agency contributions," under the heading "Salaries, officers and employees;" and "Official office expense allowances." Those separate appropriations were merged into this single account in Public Law 100–137.

The Senators' official personnel and office expense allowance [SOPOEA] is comprised of three components. Two of these are for salaries of personnel in Senators' offices. The allowance for administrative and clerical assistance is based on the population of States, beginning with States with a population of fewer than 5 million people to States with a population of 28 million or more. The table illustrates the allowances per population category and the States which fall into those categories.

The second component of the salaries allowance is for legislative assistance to Senators, as authorized by Public Law 95–94. This allowance provides funding for three positions in each Senator's office

at an annual rate of \$132,159 for a total of \$396,477 per office, or

\$39,647,700 for all 100 Senators.

The third component of the SOPOEA is for office expenses. Each Senator's office is allocated an amount for office expenses, as displayed in the following table including the Committee on Rules and Administration's reallocations of the official mail. In addition, an amount of \$200,000 is provided to cover additional expenses that may be incurred in the event of the death or resignation of a Senator, and to provide for transitional expenses during election years subject to regulations set by the Committee on Rules and Administration with respect to official mail.

It should be noted that the amounts provided for the various components of the SOPOEA are entirely fungible. Amounts provided for salaries may be used for expenses, and vice versa, subject to regulations set by the Committee on Rules and Administration

with respect to official mail.

The following table illustrates the several components of the SOPOEA.

In addition to providing funds for compensation of employees within Senators' offices, this appropriation also provides for agency contributions for those employees; that is, the Senate's share, as an employer, of the various employee benefit programs for which Senate employees are eligible. These payments are mandatory, and fluctuate according to the programs in which employees are enrolled, the level of compensation, and the degree of participation. Budget requests for this account prepared by the Financial Clerk must be based on both experience and evaluation of trends. The fis-

cal year 2000 request for this account anticipates \$57,577,000 in

agency contribution costs.

The amount recommended by the Committee for the SOPOEA is less than would be required to cover all obligations that could be incurred under the authorized allowances for all Senators. The Committee is able to recommend an appropriation of a lesser amount than potentially necessary because Senators typically do not obligate funds up to the absolute ceiling of their respective allowances. In fact, a number of offices spend less than their total allowances. Evidence of this can be found in the semiannual report of the Secretary of the Senate. At the direction of this Committee in the Fiscal Year 1996 Legislative Branch Appropriations Act, the Secretary's report now includes summary information on each Senator's authorized allowance, expenditures made, and the balance, if any.

In the alternative, the Committee could recommend an appropriation to fully fund the sum total of all the authorized allowances. For fiscal year 2000, that would mean an appropriation of

\$264,424,000, \$18,721,000 more than recommended.

SENATE OFFICIAL MAIL COSTS

Appropriations, 1999	\$300,000
Budget estimate, 2000	300,000
Committee recommendation	300,000

For the official mail costs of the Senate, the Committee recommends an appropriation of \$300,000, which is the same as the budget request.

SECTION 1. This section provides for the official mail allocation to each Member's Senators' official personnel office and expense account. A funding level of \$7,600,000 has been provided for Member office mail.

SEC. 2. This provision increases by \$50,000 the allowance for administrative and clerical assistance.

SEC. 3. This provision changes States office space and furniture allocations.

SECS. 4 and 5 would exempt the Senate Restaurants and the Senate Hair Care Services from advertising restrictions subject to approval of the Rules Committee.

Sec. 6. Authorizes, subject to the approval of the President pro

tempore of the Senate, a Deputy Legislative Counsel. SEC. 7. Reauthorizes the United States Senate Caucus on International Narcotics Control through September 30, 2002.

The Committee recommends an appropriation of \$80,783,000 for the salaries of the U.S. Capitol Police, of which \$38,648,000 is for the Capitol Police appointed by the Sergeant at Arms of the House and \$42,135,000 is for the Capitol Police appointed by the Senate Sergeant at Arms.

The amount provided covers salaries, benefits, and overtime costs. Capitol Police personnel are also eligible for hazardous duty

GENERAL EXPENSES

Appropriations, 1999	\$6,237,000
Budget estimate, 2000	8,990,000
Committee recommendation	7,913,000

The Committee recommends \$7,913,000 for general expenses of the Capitol Police. The Committee is inclined to support the Police Boards request to have the computer and telecommunications functions transferred from the Senate Sergeant at Arms to the Capitol Police. However, it is important that a cohesive plan be developed to ensure that the telecommunications and computer funds are used in a cost effective manner. The Committee has included \$1,750,000 for this purpose pending the development of a plan.

Other expenses include office supplies and equipment, laundry and dry-cleaning, communications, motor vehicles, uniforms and equipment, investigations, training, and miscellaneous items. The amount recommended includes funds for vehicle replacement.

ADMINISTRATIVE PROVISION

The Committee has included a provision (sec. 101) which allows for funds to be transferred between the "Salaries" and "General expenses" accounts.
